NJECA

NJ Electrical Contractors Association

Your Partner. Your Trade. Your Association

www.njeca.org • (732) 981-8901

New Jersey Electrical Contractors Association (NJECA) is the leading non-profit, member-managed electrical trade association for the state of New Jersey. NJECA, the voice and leading authority in the electrical industry for information, education, business management and advocacy supporting the electrical contractor base of over 15,000 licensed New Jersey electrical contractors.

NJECA partners with a variety of associations, manufacturers, distributors and business sponsors that provide services and support to electrical contractors in the state of NJ.

We offer a variety of cost effective membership opportunities for contractors and students in addition to partnership and sponsorship packages that lets businesses in the electrical marketplace reach electrical contractors and provide education, product information, business services and other benefits that support our electrical contractor members. To join NJECA, visit: www.njeca.org/membershipapplication
