

East Coast Safety Online Training Institute www.eastcoastsafetyed.org

East Coast Safety is the online training division of NJECA and provides training for Electrical and Trade Industry Professionals.

East Coast Safety is the training division of the New Jersey Electrical Contractors Association (NJECA) and provides online and live training and networking events for electrical and trade industry professionals.

NJECA is the voice and leading authority in the electrical industry for information, education, business management and advocacy in the state of New Jersey. NJECA informs and assists the electrical industry, acts as its principal advocate and helps members in servicing their customers.

NJECA acts as the industry's steward in the state of NJ and provides extensive benefits to electrical contractors and partners including business & marketing support, training & education including CEU, OSHA and online training solutions.

With courses and training solutions designed specifically for electrical and trade industry professionals, East Coast Safety and NJECA are proud to offer a variety of online and live training solutions for businesses and individuals interested in improving their personal safety and increasing their business' profitability.

Online Courses Include:

- Asbestos Safety Training
- Environmental Compliance Training
- 10 & 30 Hour Safety Training
- Construction Safety Training
- Forklift & Heavy Equipment Training
- General Safety Training
- Hazard Communication Training
- HAZWOPER Training
- Supervisor Training
